What's more important to students? Most Chinese students would say doing well in exams. Not British students! British students aged 13—19 think having a good time with their friends is more important. Many British boys would even leave school early for a good job! British girls worry more about their studies than boys.

Do you have to carry a heavy bag to school? Students at a high school in Kansas, America, have just had a meeting with their city's mayor(市长) to complain about their heavy bags. They said their bags are giving their necks and backs hurt. The mayor said students may do more of their homework online in the future to give their backs a rest!

Are your parents always telling you to stop watching TV because it's bad for you? Well, an American study says that television can teach students things they can't learn in the classroom. It found that the students who watched the US comedy show

Friends learned important lessons about how to get on with their classmates.
